Dear Friend:

Please accept my sincere thanks for your co-operation in carrying the sign on your Truck announcing The Eagles opening game.

I am sure it meant a great deal to us as an advertizing medium, and in addition to the material gain, these very thoughtful gestures mean much more than it is possible to express in so many words.

I hope in return The Eagles will afford you a great deal of entertainment, and news about them will help sell a lot of papers.

Again thank you sincerely.

Very truly yours,
